

CPCC Needs Volunteers

For over 135 years the club has flourished, in large part, because of the dedicated support of member volunteers. They are essential to run all the leagues, programs and events, manage and maintain the property and help keep fees reasonable. As part of the registration process members of CPCC are required to perform volunteer hours as per the Adult Registration Form, unless the opt-out option is chosen.

Hours Required vs Hours Needed

The number of "required" volunteer hours varies depending upon the amount of curling a member participates in and ranges from 2 to 8 hours. These hours are considered the nominal contribution that a member must perform in order to fulfill their membership obligation.

It is important to understand that in order to run the club effectively, many more volunteer hours are needed. To illustrate, in 2023-2024 the total required member volunteer hours was 2236, however we utilized over 10,000 volunteer hours to run the leagues, programs, events and manage the property and club operations. If members only did the minimum hours required we would not be able to support the CPCC without raising membership rates significantly.
